

Let the Training Come to You!

ONSITE CUSTOMIZED TRAINING OPTIONS

Looking for an economical and efficient way to get your staff the training and certification they need to succeed?

ISSA's Cleaning Management Institute (CMI) is the answer. With CMI, you get a completely customized training program—plus third-party certification—without leaving your facility or sending staff offsite.

In addition to tailored programming and the convenience of onsite training, with CMI, you also get:

- Exclusive time with a CMI Master Trainer
- Classroom and hands-on training
- Written and performance-based certification testing

Here are just a few programs available from CMI's Master Trainers:

- Train the Trainer
- Supervisor and Management
- Accredited Auditing Professional
- Custodial Technician Training
- Hard Floor Care
- Restroom Care
- Carpet Care
- Customer Service
- Sales
- Work loading

Whether you are looking for a one-day training program on floor care or an extensive program covering basic and advanced skills, CMI has a national network of certified trainers that can help.
